With over 35 years of experience based in Tewkesbury, we offer a wide range of services, to Legal Professionals, but most importantly to our personal clients.

There are various times in life when you may need legal support, such as deciding who you want to leave your estate to when you die. Whatever matter you require assistance with, we are here to reliably lead you through the process and reach a positive result.

### LASTING POWER OF ATTORNEY (LPAs)

*“Most people have no idea what a ‘Lasting Power of Attorney’ is.”*

Nobody wants to think about the end of their lives, but planning can make things easier on our families and loved ones and also give you peace of mind.

In the event that you are unable to manage your own affairs, we can advise you through the process of writing a *will*. If required applications for *powers of attorney*, which authorises a person to make decisions on your behalf, when you do not have the capacity to do so yourself. Rather than having to apply for costly court of Protection ‘Deputy ship Orders’.

If you are in charge of managing an estate, we have specialists who can deal with any concerns that arise and guide you through the procedure during this difficult time.

We have expertise in settling inheritance disputes in the unfortunate event that your will is contested, or no provision has been made for a family member or a dependant.

*“The majority of people in the UK die without making a will!”*

*Please Note: We are not solicitors, nor do we hold ourselves out to be solicitors.  
We do however have legally trained staff.*

## **WILLS**

It is critical that you create a will. If you don't have a will in place when you die, the rules of intestacy will apply, this means you can't be sure that your money or possessions will go to the people you choose. This may result in disputes amongst dissatisfied beneficiaries, or worse, claims against the estate.

You may need to re-evaluate your will if circumstances change, such as:

- the arrival of children
- the dissolution of a partnership or marriage
- being handed property or assets by someone else
- a new marriage

## **PROBATE ADMINISTRATION**

A death of a loved one is never an easy time, and dealing with their estate can add to the hardship. Property and assets left in the deceased's estate must be distributed to those entitled to them, through probate administration.

Our experienced probate administration team can complete this for you in a sensitive and effective manner, including:

- Interpretation of the will or intestacy provisions
- Obtaining the required grant of probate or letters of administration
- Liaison with asset holders, beneficiaries, HMRC, and the Probate Registry
- Provision of detailed estate accounts

When we are instructed we will deal with your matter quickly,  
and ensure we report our progress to you on a regular basis.
